PREAMBLE

The purpose of the Placement guidelines is to define the overall structure & process of the Placement and Internship drives facilitated by The Department of Training & Placement (T&P) and to structure the roles & responsibilities of the students.

THE GUIDELINES WILL ENSURE THAT:

- The CRC's, IC's and students work according to the defined processes to achieve the common objective.
- All the eligible students shall get the fair opportunity to participate in the Placement/Internship drives.

PLACEMENT GUIDELINES

The Department Of T&P will follow the below mentioned guidelines for the smooth conduct of the campus Internship and Placement drives. The students must go through the guidelines before participating in the process.

1. The academic credentials of the students will be verified from the E-Samarth of the Institute by the T&P office. Note that, submission of fake details/credentials, shall lead to permanently debarring of the student from the placement drive.

2. The Department of T&P shall follow **One Person, One Job Policy**, however, the second round of placements of any branch will commence only after a **specific Percentage of the eligible students get placed in their respective branch. This Percentage will be set by The Department of Training & Placement for all the branches**. The placed students will be eligible for the second round only if the CTC offered is greater than the first offer. Additionally, the eligible students must give an undertaking to T&P that, in case they get a 2nd offer, their first offer should be dissolved with an immediate effect. The same information will be communicated to the concerned organization through The Department of Training & Placement.

3. In case, the final result of an organization is awaited, the shortlisted students shall continue to be eligible to apply in the upcoming companies **only upto three companies, including the one whose result is pending.** Once the awaited result is received, all the remaining active applications of the selected student(s) will be judged by the blocking or non-blocking criteria of eligibility.

4. In case, at any stage, the T&P office is involved in any placement process (immaterial to the extent of participation of the T&P office), it will be considered as an **on-campus** placement drive and the guidelines of Department of Training & Placement will be applicable to that process.

5. It is mandatory for the shortlisted students to attend the Pre-Placement Talk (PPT), delivered by the company representatives. In case the short-listing has not been provided, all the students who have given expression of interest have to attend the PPT of the company.

6. The Department of Training & Placement will allow Pool-Campus Drives only with other Institutes of Repute.

7. Students selected in non-blocking offers, which is **less than 7 LPA** will be **blocked for further non-blocking offers after getting this 01 non-blocking offer.**

8. Students with 02 offers **(blocking or non-blocking)** are bound to accept the offer with higher LPA. However, in case of Core Company, offering lower LPA than non-core with higher LPA, students can accept lower LPA.
9. All companies offering roles in the core domain of a student's specialization will be considered **blocking offers**, regardless of the CTC. Any exceptions to this rule will be communicated by the Department of Training & Placement.
10. All offers with a CTC of **7 LPA** or above will be treated as ***blocking offers***; students receiving such offers will be restricted from applying to any further opportunities until a specified percentage of their branch has been placed. This percentage will be decided by the Department Of Training & Placement, for respective branches.
